### **ABOUT VENDOME:**

Vendome is a mineral exploration company located in Toronto, Canada. Our primary focus is to advance our flagship properties, San Javier, La Diana and San Miguel, located in the heart of the Sierra Madre del Sur precious metals belt, in the State of Guerrero, Mexico. The three properties encompass an area of over 17,000 hectares and have reported high grade silver samples of up to 15,000 g/t.

Vendome also owns minerals claims in the center of the Borden Lake Gold District in Ontario, Canada, known as our Ivanhoe Lake Property. Recently, Probe Mines Inc. (TSXV:PRB) made a major gold discovery in the Borden Lake Gold District, within the Kapuskasing Structural Zone ("KSZ"), which is located 60 kilometers southwest of our wholly-owned Ivanhoe Lake claims. Ivanhoe Lake is situated in the KSZ, shares the same geological formation with Probe and is on strike with Probe's multi-million ounce gold deposit. Ivanhoe Lake has emerged as a new focus area for our team.

Vendome Resources Corp. is managed by an experienced team of mining professionals with extensive operating and financial experience.
